Re: American Chemistry Council Comments on Procedures for Chemical Risk Evaluation Under the Toxic Substances Control Act (TSCA), 90 Fed. Reg. 45690 (Sept. 23, 2025)

Dear Ms. Summers:

The American Chemistry Council (ACC) is pleased to submit the enclosed comments regarding the U.S. Environmental Protection Agency's proposal to amend the Procedures for Chemical Risk Evaluation Under the Toxic Substances Control Act (TSCA) published in the Federal Register on September 23, 2025.

If you have any questions or need further clarification on our comments, please feel free to contact me at suzanne_hartigan@americanchemistry.com or **202-249-6440**.

Sincerely,

Suzanne Hartigan, PhD
Senior Director, Regulatory and Scientific Affairs
American Chemistry Council

¹ The American Chemistry Council's mission is to advocate for the people, policy, and products of chemistry that make the United States the global leader in innovation and manufacturing. To achieve this, we: Champion science-based policy solutions across all levels of government; Drive continuous performance improvement to protect employees and communities through Responsible Care®; Foster the development of sustainability practices throughout ACC member companies; and communicate authentically with communities about challenges and solutions for a safer, healthier and more sustainable way of life. Our vision is a world made better by chemistry, where people live happier, healthier, and more prosperous lives, safely and sustainably—for generations to come.
